Perth Convention Bureau (PCB) is responsible for marketing Western Australia both nationally and internationally as a destination for conferences.

Conferences hosted in Western Australia build the profile of the conference convener, the national organisation, disseminate knowledge locally as well as attract investment and tourism.

The Aspire Program is a highly successful initiative of PCB and has been operating since 1999. In the 17 years since the Program was established, it has generated conferences worth more than $115 million to the Western Australian economy.

The Aspire University Professional Development Awards are designed to assist in the professional development of university staff by funding attendance at an international conference in their chosen field of endeavour. The funding covers travel, accommodation and registration expenses to the maximum value of each Award.

To be eligible to win an Aspire University Professional Development Award, simply research an international conference that has the potential to be staged in Western Australia, and present a brief case as to why the conference could be held here.

**Deadlines**
Application deadline: Friday 31 March 2017

Application Questions

1. Tell us about yourself, your education, any research you are undertaking, your role within the University and associations you belong to (maximum 200 words).
   - Professional associations you are a member of or would like to join.
   - Identify any potential conflicts of interest.
   - Number of years in your chosen profession.

2. Tell us about your association, your current role and length of time within the organisation and any achievement highlights (maximum 250 words).
   - Provide information on the professional association at a national level that is affiliated to the international organisation responsible for running the conference you plan to attend. If you are not currently a member of this national association then you should research it via the web and/or your networks.
   - Are you on any committees and are you an active member?

3. Tell us about Australian leaders in your field of expertise or preferably, Western Australian leaders in the field (maximum 500 words).

   Why? Statistics demonstrate that developing a strong base of experts in a particular field within a destination is the critical success factor for attracting conferences and meetings.

4. Detail how you would use the $5,000 funding if awarded and highlight how you and your organisation would benefit (maximum 200 words).

   The funding is to be used to attend an international conference for your professional development and to explore the possibilities of an Australian organisation bidding for the conference to be held in Western Australia in the future.

5. Have you received approval to apply for the Aspire Award?

   PCB recognises the time and commitment required to apply for and accept the award, so we ask that you receive relevant approval from your line manager to submit an application.

6. Interview.

   Short-listed applicants will be required to discuss their application with the judging panel in a 20 minute interview.

   The interviews are proposed to be held early April 2017. There will be a representative from your university and from the Perth Convention Bureau on the panel. The interviews will be held at your university campus.
Please read the following which may answer some questions you may have in regards to the application process and your eligibility for the Aspire Program.

**When is the application deadline?**
Friday 31 March 2017.

**When are the winners announced?**
The winners will be announced at the Awards Ceremony in May 2017. All finalists will be invited to attend the ceremony.

**Do you need the application in hard copy or can I email it through?**
Please send an electronic copy to aspire@pcb.com.au.

**Do I need to bid for this conference to be held in Western Australia?**
No. It would be helpful to nominate the organisation and/or individuals locally who PCB may work with in any future bid to host that conference in Western Australia.

Applications received for the Aspire Program help PCB identify specific areas of expertise in Australia.

**Do I need to spend the grant this year?**
The grant can be utilised immediately after being awarded and up to three years following.

**My organisation would like to bid for this conference to come to Western Australia. What support is available to assist our bid?**
PCB provides extensive financial and administrative support to organisations bidding to host a national or international conference in Western Australia. For further information please visit the PCB website, www.pcb.com.au.

**Conditions of Entry**
In recognition of the time and commitment of the award, we ask that you receive approval from your line manager to submit an application.

The judging panel's decision is final. Applicants may request feedback on their performance after the winners have been announced. The winners will be required to produce receipts for expenditure incurred while attending their nominated conference.

Recipients are required to agree to be included in publicity and future collateral for promotion of the PCB Aspire Award.
